SLIPPED OUT OF POLICE STATION WINDOW.

William Kremksi, Who Got Away in New London, Arrested Here.

William Kremksi, wanted by the police ever since early this summer, was found here on the street Thursday morning by Policeman Dombroski and arrested. It is claimed that he is implicated in the theft of a value which had been left for some minutes by its owner in Rose place.

On the night that Kremksi was arrested in New London Sergeant Alton C. Matthews was at the desk here and received the report of the arrest. He had just time to start Policeman Patrick Murphy off for New London on the last trolley car to bring the prisoner back here, and then he telephoned headquarters to New London to let police headquarters know an officer was on the way. EFFICIENCY IN ADVERTISING

Getting a maximum of results for a minimum of effort is the thing.

That's why Manufacturers of National Products are using Daily Newspapers like the Bulletin.

They find it brings returns because they concentrate their power on a market they want to reach.

And at the same time they entice the dealers in that locality—because they are creating a demand that brings customers to their stores.

Dealers are quick to co-operate with manufacturers who help them sell goods.

The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, will be glad to offer suggestions for a co-operative advertising campaign.

Such a campaign can doubtless be made to fit your business and increase your sales.

TRIAL OF LOCAL ITALIAN BEGUN

Leonardo Baptiste Accused of Slashing Giuseppe Johngregno

Last May on Centennial Square—Albert Zeharba Found

Guilty in Cutting Affray in Glasgo—Given State's

Prison Sentence of from Three to Four Years

Late Thursday afternoon in the superior court here the trial of Leonardo Baptiste was begun on the charge of assault with intent to kill and murder Giuseppe Johngregno in this city on the night of Sunday, May 4th.

Leaving a trail of blood all the way from Centennial square, where the assault took place, to the Broad street, Lake street and Franklin street on the way to police headquarters, Johngregno came to the police station that night bleeding profusely from cuts on the face and head. He accused Baptiste of doing the cutting. Baptiste escaped and was not arrested until several days later when he was brought here from Worcester. He was located through going to a hospital to have a bullet wound in his hand treated. Johngregno had fired a revolver in the scuffle.

When court adjourned on Thursday afternoon at 4.30 o'clock until 10 o'clock this morning, Johngregno was on the stand undergoing cross-examination.

When court came in Thursday morning at 10 o'clock Albert Zeharba, who was on trial for assault with intent to kill on Stanley Dutka in Glasgo, resumed his testimony. The argument was interrupted when court adjourned on Wednesday. Zeharba claimed that he was assaulted by Dutka in the upper portion of the house in Glasgo where there was a wedding celebration, and the witness said he rolled down stairs. Zeharba claimed that he used a stick to defend himself and when it broke the raged edges made the wounds on Dutka.

Arguments for the state were made by Major T. M. Shields, A. M. Brown and for the accused by Attorney John D. Hall. After Judge Greene charged the jury and they had heard the testimony for 20 minutes they returned a verdict against the accused, which Foreman E. J. Donohue read to the jury. The jury found Baptiste guilty of assault with intent to kill without malice.

Court went out for the noon recess and at 1 o'clock Attorney A. M. Brown and for the accused by Attorney John D. Hall. After Judge Greene charged the jury and they had heard the testimony for 20 minutes they returned a verdict against the accused, which Foreman E. J. Donohue read to the jury. The jury found Baptiste guilty of assault with intent to kill without malice.

The jury found Baptiste guilty of assault with intent to kill without malice.

Shot Revolver in the Air.

The witness pulled a revolver and fired three shots in the air, he said, Baptiste getting one bullet through the hat as he stuck up his hand to ward off the shots. After the shots were fired, the two men went to the ground and Battiste struck him back. Battiste put his hand into his pocket and then cut Johngregno on the top of the head.

Johngregno also to stand trial.

In answer to a question Johngregno said he had been arrested and out on bonds for trial in the superior court for assault on Baptiste.

The witness said he had been boarding at No. 306 Franklin street, but he professed complete ignorance of the names of other streets or where with Battiste. There had been a christening at the house and they drank some beer.

On cross examination by Attorney T. M. Shields, Johngregno said the house they went to was not on the same street as the house where he boarded but was in back of Franklin street. The people in the house were strangers to him and he was taken there by the other men. He had all the drink he wanted at the house, five, six, ten, twenty glasses. He denied that he had ever played in a card game with Battiste, who was a first boss and a second boss.

NORWICH TRAVELERS IN FOURTH REGIMENT.

To Be Company D in Unique Plan to Gain Members.

The national order of United Commercial Travelers has instituted a new sort of membership campaign, based on the divisions of the United States.

Each member of the order enlists to bring in one new recruit before June, 1914. When the task is done he receives a discharge signed by the general assembly and his name is placed on the roll of the order.

In this manner it is hoped to increase the membership of the order by 1,000 in the next year, raising the total membership to 100,000.

Orders published also urge the army to fight against suspension of present members who, standing in dues, are in bad standing and "knock" the order.

WIRE DOWN ON WESTERLY TROLLEY LINE.

Traffic from Westerly to White Rock at Standstill Thursday Night.

At 8 o'clock Thursday evening about 1,000 feet of wire on the Westerly and Westerly line dropped near the substation at White Rock, a short distance this side of Westerly, and all traffic on that end of the line was blocked for the balance of the evening, as no power could be secured on the Westerly side of the break.

The break was caused by a wire up between Norwich and White Rock. A gang of men was set to work, and it was anticipated that the damage would be repaired by the time the trolley would have experienced this morning. The cause of the break was not known.

ON BUYING SUPPLIES FOR STATE INSTITUTIONS.

Governor Will Meet Representatives on Sept. 23.

On the invitation of Governor Baldwin, a meeting of representatives of institutions will be held in the senate chamber on Tuesday, Sept. 23, at 11.30 a. m., to consider the matter of purchasing supplies for state institutions.

From Norwich this will include representatives from the Norwich state hospital and the Norwich tuberculosis sanatorium.

Governor Baldwin's invitation to the different institutions is as follows:

"On consultation with the comptroller, I have thought it would be desirable if the hands of purchasing agents of our various institutions supported by the aid of the state would meet occasionally and compare notes as to the price they pay for supplies purchased and as to the relative cost of the support of the inmates of the several institutions. It may be that such a gathering would take the shape of a permanent body with very useful functions to perform. I ask you to consider this subject and if convenient to attend a meeting such as I have described to be held at Hartford, in the old senate chamber, on Tuesday, Sept. 23, at 11.30 a. m.

The object proposed if you could state, on behalf of your institution, the amount and grade of the main standard articles purchased on its account, the unit price paid for each and the names of the sellers. Among the articles that might be considered are: food, clothing, bedding, sugar, meat, milk, the medicines in most common use, tobacco and absorbent cotton."

MARRIAGE LICENSE TROUBLE.

ENDS IN ARRESTS.

Two Preston Men Engage in Fight on Main Street.

After spending all day in this city on Thursday in straightening out some trouble over a marriage license which seems to have been taken out largely through a misunderstanding of a policeman, John T. Haight and Thomas Mitchell, both of Preston, became engaged in a fist fight about 5.30 o'clock in the afternoon on the sidewalk near the corner of Main and Cliff streets and were arrested by Policemen Charles Smith on the charge of breach of the peace.

The clothing and hands of Mitchell were splattered with blood that had come from Mr. Haight's nose and wounds on his face. Mr. Haight had taken out a license here over a week ago to marry a relative of Mr. Mitchell's. When the young women told Mr. Mitchell that the license had been taken out without his knowledge, and that she had been joking with Mr. Haight, if there had been any talk of marriage licenses, the two men came to the city together to investigate and clear up the matter. In the end they came to blows, Mr. Mitchell claiming that Mr. Haight was the aggressor in that respect and struck the first blow.

CHINA CONSIDERING JAPANESE DEMANDS.

Apology for Nanking Outrage and Indemnity Are Asked.

Peking, Sept. 11.—President Yuan Shih-kai and his advisors have taken under consideration the demands made by the Japanese government, which are tantamount to an ultimatum, for the lifting of three Japanese at Nanking, the mistreatment of a consular messenger, the torture of a Japanese lieutenant at Hankow and the imprisonment for two days of a Japanese lieutenant at Shanghai. Japan demands an apology for the insults to the Japanese flag, the punishment of those responsible, and the payment of an indemnity, the amount of which is to be arranged later.

The Japanese say that the demands represent the minimum to which China must submit without delay, and that Japan may take such action as is deemed necessary. A member of the legation stated privately that if the term were known at Tokyo the people would consider that the government had betrayed its trust and sacrificed the nation's honor.

It is thought here that the Japanese government is as anxious to settle the matter as the Chinese, and has presented minimum demands in consideration of foreign criticism and in order that the Chinese government could accede quickly and readily.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—on a tablet with your meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say. It is a question of the scales and the measure will tell their own story and most any thin man or woman can easily add from five to eight pounds in the first fourteen days, and following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it gives you the fat producing contents of the very same meals you are eating now—develops pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.
